

# Washington State Community Airports 2022 Conference - Hangar Development Series Kickoff

# Why

- **Hangar Demand Exceeds Supply**
- **New Funding Opportunities**
- **Hangar Building and Land Lease Request Toolkit**
- **Benefit from Lessons Learned by Others**

# Key Presentation Topics

- **Planning– Century West Engineering**
  - **Site Engineering and Development – T-O Engineers**
  - **Hangar Building and Permitting – Precision Approach Engineering**
  - **Procurement, Construction, and Closeout – City of Arlington and DOWL**
- 
- An aerial rendering of a large industrial facility. The central feature is a long, rectangular hangar with a light blue roof. To the left of the hangar is a smaller, single-story building with a green roof. In the foreground, there is a large, dark asphalt parking lot with several yellow 'T' markings for parking spaces. The facility is surrounded by green fields and some trees. In the background, there are more buildings and a road. The sky is clear and blue.
